

Policy	CBA-000
Effective Date	Mar 4, 2019
Board Approval	Mar 4, 2019

CBA Policies: in addition to the Constitution governing aspects of the Clarington Baseball Association, from time to time policies will be implemented to further identify specific activities and positions of the organization.

Effective policies are ones that are made in written form, uniquely identified, have Board approval and define an effective date or period of time. As policies change over time, they are updated or expired and tracked so that the history of policies in place and actions taken by CBA are auditable.

CBA Policy Index:
